The theme of the "VICTORY" of 1959-1960 is music. There are several reasons why this theme was chosen. For one, we feel that the tremendous amount of work volunteered by the music staff merits an expression of gratitude. Secondly, music itself is a universal language and is an appropriate medium to parallel the widely varied life in Churchill High School. Music therefore, was chosen as the theme for this year's "VICTORY."

This year, through the eyes of the "VICTORY" we have attempted to preserve for you the many outstanding events of the school year 1959-1960. Unfortunately, there have had to be several omissions which were necessitated by their late occurrence in the last term. Notable among these was graduation. However, next year we hope to initiate a system whereby one year's graduation will be included in the next year's "VICTORY."

We, the editors, speaking on behalf of the entire editorial staff would like to say "THANK YOU" to all the teachers who helped us with this year's "VICTORY." We would especially like to voice our appreciation to Mr. Martin who spent so much of his time working with us. To Mr. Kallos, who handled the yearbook pictures; Mr. Longfield who worked with our Literary Dept.; Mrs. Forsythe who aided the Art and Layout Committee; Mr. Kaplan our Publisher; and all the others too numerous to single out individually, we should like to express our gratitude.

—THE EDITORS.

# PRINCIPAL'S MESSAGE

The stock message to young graduates tends to follow a set pattern following certain well defined lines and abounding in time-worn commonplaces. Reference is usually made to traditions and ideals and we of an older generation try to remind our young followers and successors of the pitfalls and responsibilities ahead. This is as it should be. Assuredly, we would not want our graduates to leave Churchill High School without some deep innate feeling of affection and respect for what their school has stood for and has meant to them. We hope that the training that you have received here has equipped you to meet with greater understanding and conviction the responsibilities which will be yours. However, as I ponder the question, 'What particular message do I want to give to our 1960 graduates?' my mind keeps coming back to one word, one thought. That word is COURAGE. In this time of unprecedented turmoil and change we are turning you out into a highly competitive, challenging, often confusing world. Sometimes I am alarmed when I hear a youth who should have all the vigour, the confidence, the enthusiasm, the determination and the vision that goes with youth say, "I can't do it. I just can't make myself do it." And the tragedy of it is that he sometimes gives up and throws away the tools with which he might have done the really big job later. We of Churchill School are always proud to remember and follow the precepts of the great man after whom our school is named. We are reminded here of Sir Winston Churchill's famous words:—

"We shall not fail or falter; we shall not weaken or tire. Neither the sudden shock of battle nor the long drawn trials of vigilance and exertion will wear us down. Give us the tools and we will finish the job."

*S.P. Scurfield*

We trust that you have acquired some of the tools, that you have gained knowledge that will help you to go on and master other tools. Your future is in your making now. With courage and understanding you can make it a good future. Good luck.

To the convenor of the Year Book Committee and the staff of students and teachers who have given so much thoughtful planning and hard work to the production of this Year Book we tender our congratulations.

*S.P. Scurfield*

## Vice-Principal's Message

*H.J. Hadden*

In this school year we have experienced the extension of student organization into another major activity, the school tea. Although Churchill High students have participated in and assumed positions of responsibility in many activities, it has been student organization of graduation parties and now of the school tea that has been outstandingly successful.

Many of the students who graduate this year have occupied key positions in these activities and in doing so have gained experience in leadership and confidence in their abilities to assume responsibilities and produce results. It is my hope that as these graduates leave us they will continue to develop their powers of leadership and their willingness to contribute to the betterment of the society in which they place themselves.

*H.J. Hadden*

# A MESSAGE FROM THE PRESIDENT

Another year has passed in Churchill's history. "1959 . . . 1960" has been one of our school's best because the student body has shown the interest and participation the students should show in a school as large and respected as Churchill. We have in Churchill High the reputation of having the best scholastic and sports standards in Winnipeg.

This year was marked with many events that put Churchill among the top ranks. I am referring to our T.V. Show and our Choral Concert. The T.V. Show was more on the lines of the advanced type of show giving more of the school and its activities instead of the repetitious dancing of last year. The Choral Concert was by far the best we have ever presented, because this year Churchill included an Operetta, "Trial by Jury," which received much acclaim and served to point out to us how fortunate we are in having such fine musical leadership. In addition, the students showed their maturity and sense of organization by taking over and running the entire operation of our "Tea," which was successful, both financially and socially.

My duties of course, were to head the Student Council which was some fifty strong. Through these members, were organized certain activities in the school. A number of these were school dances, Christmas hampers, cheer leaders and graduation. It was an honour to work with a body of students so wonderful as these and I will remember this year for many years to come.

The Inter-High Council is an organization made up of the presidents and vice-presidents of the High Schools of Greater Winnipeg. This gives the schools a chance to get better acquainted with each other and also allows them to put on certain Inter-High activities. Our main purpose in the Council is to foster better relations among the schools and donate our proceeds to charitable services. The Variety Concert and T.V. shows accomplished both of these purposes. The concert netted close to fifteen hundred dollars and the T.V. shows which were a tremendous success did foster better relations among the schools.

The Student Council, on behalf of Jacque Cooke and myself, wish to express our gratitude to Mr. Scurfield, Mr. Madder and the Staff for their unending support and co-operation during the year.

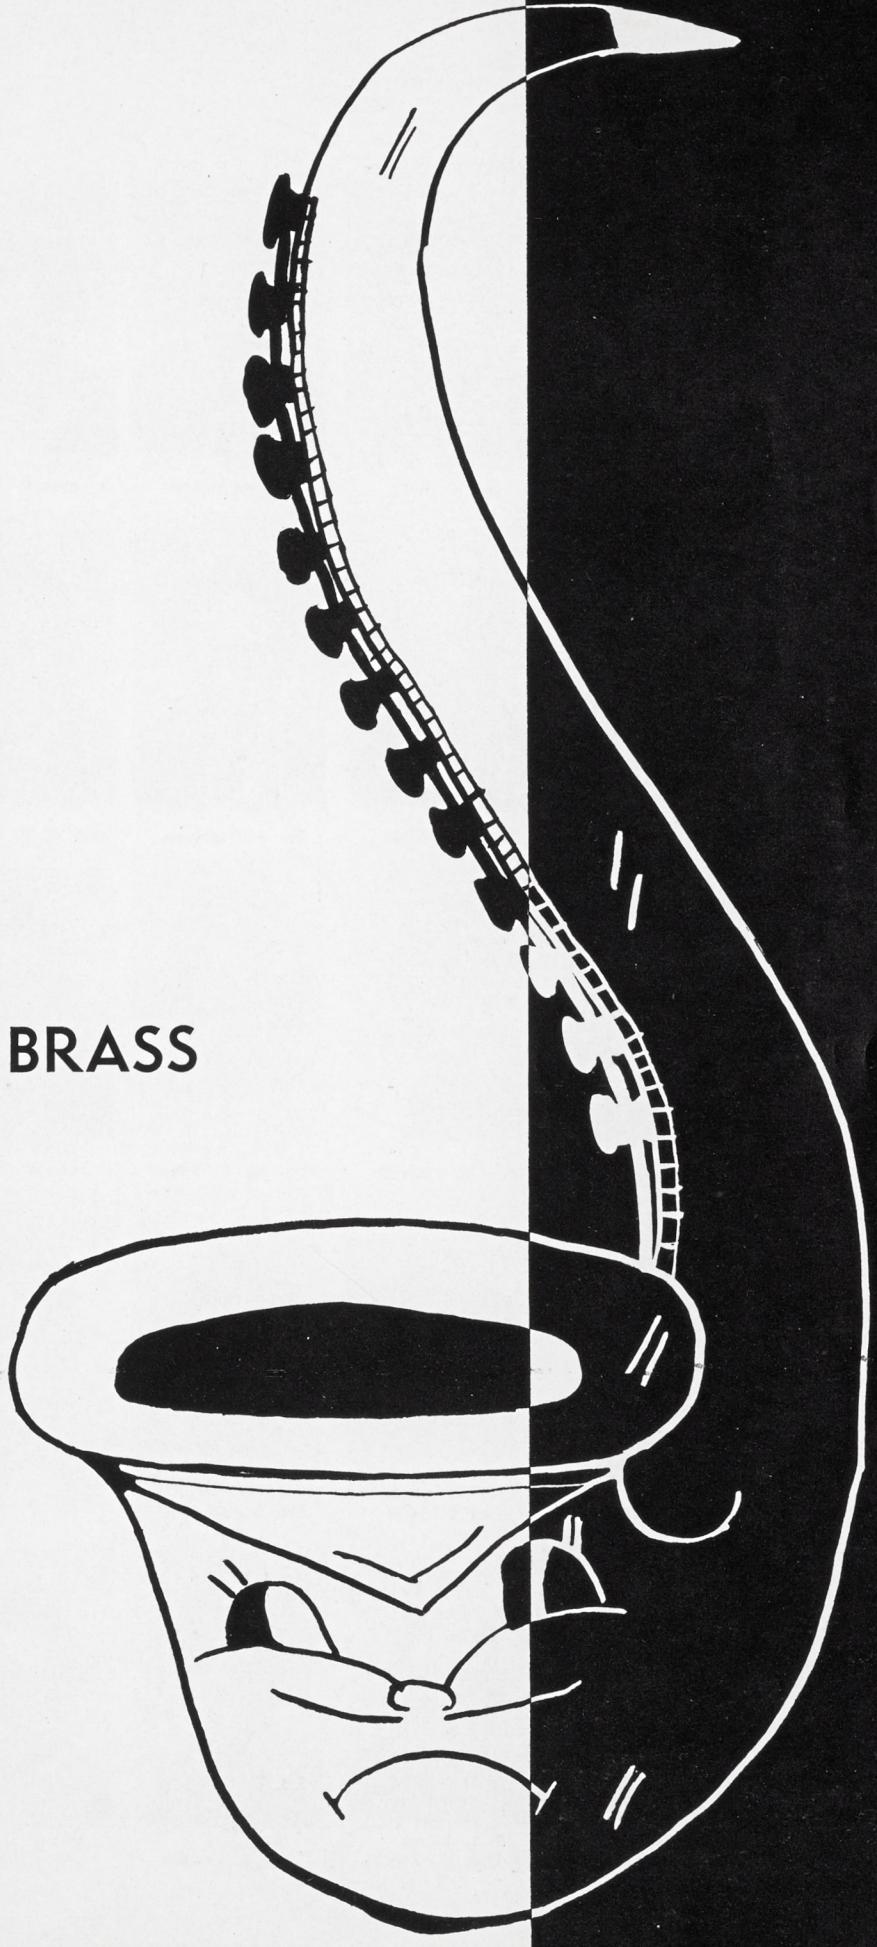

To our Vice-President Jacque Cooke, and Karen Ann Doern, our Secretary-Treasurer; many thanks for the work they contributed to the school. The Student Council thanks Miss Rorke and Mr. Martin for their advice and guidance during the meetings. I would personally like to thank the Staff and also the secretaries for allowing me to use the telephone so very frequently. To Mr. Scurfield and Mr. Madder may I give my personal thanks. I could go on for pages listing all the names of people who have helped me during the year, but to all those not mentioned, a personal 'thank-you'. It indeed has been a pleasure and an honour, being President of Churchill High School and working with such wonderful people.

# VALEDICTORY

According to the dictionary, the word "valedictory" means a "bidding farewell." When applied to school life, the term valedictory has the significance of being an address given by a student on behalf of the graduating class. This year, I have been honoured by being named the valedictorian, and it is my privilege to attempt to express the sentiments of the Churchill's graduating class of 1959-60.

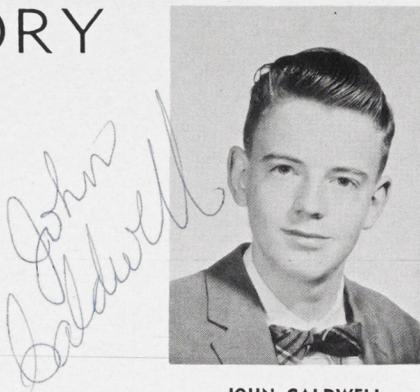

It is now five years since Churchill High was opened. This year is especially significant in that it is the first year that a class having received their entire Junior High and Senior High education at Churchill High School has graduated. That is, those who were here in 1955, the school's first year, in Grade 7 are now about to graduate. Therefore, as the first "all Churchill" class, we have an even greater responsibility of representing Churchill, our school, which has meant so much to us these past five years.

We who are about to graduate are indebted to many people in many ways. First of all, there are the teachers, who are called upon to fill many roles. Besides fulfilling their academic duties, they also spend a great deal of time voluntarily, helping us in many ways. As well as being our educators and instructors, they are our advisors in a wide variety of matters; they are our coaches in interschool and interhouse sports, and they give up much of their free time to supervise other extracurricular activities. Various teachers in our school have spent many hours helping with such activities as school dances, the Musical Festival, the operetta, presented for the first time by our school this term, the Christmas Choral concert, the telecast, field day, and work on our yearbook. Let us not forget their varied efforts on our behalf.

Another group to whom we will be endlessly indebted and without whom we would be endlessly indecisive and insecure are our parents. Without a thought of self, they have given their time, talents and enthusiasm to our many projects or problems. They are always ready to listen to our troubles, to offer valuable advice, or, if necessary, enforce restrictions which, although only for our own benefit and protection, often seem at the time unnecessary or too harsh. On behalf of the graduating class, I would like to extend our sincere thanks to those who have helped us to be where we are today.

For most of us, our years in Churchill have been very pleasant. True, we have had to work hard, but the many rewards easily compensate us for that. In school, we have found a source of friendship, a place to participate in responsible activities such as school government, a place to enjoy our spare time by such activities as sports and music, and above all, a place in which to work for ourselves to increase our knowledge. For those of us who take the trouble to put a little effort into school life, the benefits are so great that they will influence us for many years to come.

The approaching Graduation will signify a great change for most of us. Some will be going on to higher education in university, while others will be venturing out into the business world for the first time. Whatever the future holds, one thing will face every one in this class — increased responsibility in matters large and small. For some, this responsibility

JOHN CALDWELL

will mean making a living for themselves in the adult world and eventually raising a family. Whatever course we pursue in life, we must be prepared to make adjustments to the many challenges which will, in a very short time, be facing us. First, we will have to learn to control our own finances and business affairs. We will have to strive to work for improvements in ourselves and the community in which we live. In the adult business world, we will find more competition than in school. If we become too complacent, there will be others to take our places. A final challenge, and probably the most important, will be the difficulty in choosing a set of standards by which we must live. Up to this time, most of us have been willing to accept the patterns of moral standards that our parents have demonstrated to us. However, we will soon have to make our own decisions as to what is right and what is wrong, and to act accordingly. However, the basic principles which we have been taught at home and at school will help to make this third challenge easier to meet.

Besides our personal challenges in life, we will have to face problems on a much greater scale. The future of the world today is unsettled. Terms like the "Cold War" and "World Tension" are becoming more and more common. International relations are strained; in fact, many respected authorities have predicted that the world may soon face another major war which could entirely destroy our Earth. It is into this world which we must go, and it will be our responsibility to solve the problems which it is now facing. This will require a great deal of courage, determination, and resourcefulness on our parts and on the parts of many thousands of other young people who will be graduating at this time. The world which we will face will present many problems to our generation, but I do not think that we need feel that the situation is hopeless. In fact, it is far from it. Since in Canada today, we have more luxuries, as well as more of the essentials, than any other race has ever had, the struggle for survival does not loom as large to us as it does to others. Nevertheless, we must not become overly selfsatisfied and become the victims of a common stigma today — complacency.

Now, as we who are participating in the service leave this church, we are about to embark on an adventure entirely different from anything we have ever experienced — that of being independent and on our own. It will be difficult, and not without hardships, but it must be faced with optimism and energy, if we are to achieve the aim of a worthwhile, prosperous life, materially and spiritually — an aim for which we have been preparing since we began school and of which an important part is today's GRADUATION SERVICE.

# ROOM 5

**CAROL BARBER**  
Carol is one of the selected few to be N. Wright's pride and N. Longfield's joy. Besides all her sports, Carol's warbling voice can be heard in mixed choir or otherwise. Her future is undecided.

**CAROLE CALLAGHAN:**  
Mr. Longfield's dream . . . the quiet one. Carole participates in Yearbook activities and works hard on her school work. We wonder what goes on behind those deep, dark eyes. Future is undecided, but Good Luck, Carole.

**BRUCE CAMERON:**  
"Slim," our singing boy of Room 5, had one of the principal parts in our school operetta. He is "THE" idol of the Room 5 girls. Eh, "Lou" AMBITION: To reform the world . . . PROBABLE FATE: . . . being reformed.

**JACQUE COOKE:**  
"Cookie" is this year's popular V.P. An all round kid (literally), she excels in nearly everything (?). She is engrossed, at the present, in taking a "Leaving" course. Next year will find her on the U. of M campus becoming a brain stuffer.

**PAULINE ELLMENT:**  
Pauline, the girl with the friendly smile, is always seen with her side - kick Marjorie. Quiet . . . we wonder. Pauline never seems to reach school on time, but never quits trying. Good Luck for the future.

**PAT FORREST:** This green-eyed beauty is Scurfield's House Captain. Pat can be seen at the Java House when she isn't folding diapers (for the Bay). Next year will find her on the west coast at the U. of B.C.

**DIANE FRIDFINNISON**  
Diane is Room 5's Red Cross Rep. She is busy with Job's Daughters as well as being in the school choir and chorus of the operetta. Our future Florence Nightingale will be back for Grade 12 at Churchill.

**BOB HOLDEN:** Bob is Room 5's most popular maths student (especially for his homework). He can be found every Saturday night, "bombing" around the corner of Ashland and Osborne. Next year may find him at U. of M.

**LYNNE HUMPHREYS:**  
"Jiver" participates in all sports — was it Turkey's you were training to catch? One of these beach girls — likes "Shades" down at night. Mr. Longfield is continually moving her seat, without much success! Ambition — Cheaper by the Dozen!

**CAROL HUNTER:**  
"Auntie" Carol is very active (?) in sports — likes "READING" while curling. Weekends, she can be found peddling pots at Eatons. "California", as Ingli would say, hopes to take Interior Design at the U. of M. But what for!!

**JUDY McDIARMID:**  
Every morning just before classes start, Judy can be seen, "homework hunting". Her interests include sports, Maths? and games at St. James. We wonder why? Ambition: to get the "big Bomb." Fate: to be grounded as a pedestrian.

**JOAN MCNAUGHTON:**  
This gal's a lot of fun, but works hard when there's work to be done. Although a member of Webster House, she seems to be more interested in Muirhead House. Eh, Don? Next year it's back to Churchill for Grade 12.

**MARILYNNE MITCHELL ELL:** Our "here today — gone tomorrow" girl is often seen with Lynne. Favorite expression is "I'll get the car". The future may find her in nursing — if she ever escapes from Grade 11.

**LYNN RILEY:** Alias "Rile". Sweet sixteen and never been kissed??!! Lynn participates in all inter-high and inter-house sports. She is quiet when she's not talking. Ambition: bed changer in a hospital.

**LEOLA ROE:** Pretty and popular, Leola is our figure skating star. She has an active interest in all sports, and loves those football games. We wonder why?!! The nursing profession may see her in the near future. Good luck, Leola!

**VERE SCOTT:** Vere is Room 5's silent, artistic man. Although he says he hasn't any interest in girls, we wonder who the attraction is on Saturday nights. A future Biologist, Vere can usually be found dishing out Bruce's "ugly pills".

**LINDA WAKE:** Anytime, anywhere, Linda can be found at her favorite past-time — talking! She's often seen cheering on the Varsity Basketball Team — any special reason, Linda? Ambition: To enter the faculty at U. of M. with the most boys.

**TED TOLTON:** "Teddy," as he is known by his fan club, is usually to be found wandering the halls. Ted's main ambition is to open his own record shop and jive with the customers.

**ANN WATERMAN**  
This quiet (?) girl has a certain attraction to red headed boys. She and Jackie can often be seen tearing into the room one minute before the bell rings. Future will see Ann as a "pill pusher" at the corner drug store.

**JOHN BEAUFOY:**  
"Johnnie," as he is often called by Mr. Longfield, can always be found in the library during study period. "Don't run in the halls, John," is a familiar phrase in his ears. John's ambition is to be head messenger boy of Churchill High.

# GRADE 11

**LOUISE ANN CRAIG:**  
The girl in the red tennis shoes! "Lou" can be found on weekends selling "His" and "Hers" towels for Timothy. Her future looks "Slim". She's on all right-gal. Isn't that so, B.C.?

**KAREN ANN DOERN:**  
Karen is the only person who can be found every place at the same time (ask anyone). Her dependability has won her many friends. We wonder, Karen, why those big, brown eyes seem to ROWL towards Room 16?

**LOUISE DORAN:** Louise, a member of the "Ex-Unitant Corps of Women Drivers," not content to keep her feet on the ground, will seek flying as a career. Her reason: Airplanes don't get flat tires.

**JOY GISLASON:** "Five foot two, eyes of blue", and there's nothing this gal can't do—She sings, writes, and "Oh, those parties". Desire: To be a famous vocalist. Destiny: Singing lullabies to her children.

**DIANNE HALLIDAY:**  
This green-eyed, redhead, who has the "gift of the gab," is Mr. Cook's favorite student. Wherever Dianne is, there's always "Joy" and laughter. There is a "Bett-On" that Dianne will be fabulous at "decorating interiors" (of what though?).

**PAT HOLBROW:** Pat is a gal with plenty of talent. She is keenly interested in music, this year singing in both choirs and assisting in accompanying the operetta. The future finds her cramming young brains with knowledge.

**PAT JONES:** This stray from Daniel Mac is a threat to the female population but the boys don't seem to mind the intrusion. Pat can be found every Monday noon having chats with W. B. Doerksen. Future — Oh "Chuck" it.

**NADYA KOSTYSHYN:**  
Nadya's heart is in everything . . . but what about her mind? Her interests are varied: art, sports, and music. The future will see her "Cracking the Whip" in a country school house. "Bonne Chance", Nadya.

**IRMGARD MATTHES:**  
Short and sweet, pert and cute with personality that's one to boot! On completing Grade 12, a career she'll find. What it is, we'll know in time!

**LORRAINE MOFFAT:** Lori, well liked by all, enjoys using big words, that even Mr. Longfield has to look up. Her interests vary from MUSIC and sports to well-groomed boys. Lorraine is sure it'll take a Judge and Jury to get her married.

**BETTY ANN OGDERS:**  
R. J.'s pride and joy. Betty Ann spends her lit. periods playing musical chairs to the tune of "Betty, get back in YOUR seat! Ambition: To marry a doctor but she may end up with a "president."

**BARBARA PARK-HURST:** Barb and Mr. Cook can be seen whispering "sweet nothings" in Biology periods. Her interests are varied: music, yearbook, and school in general. Ambition — "Lady in White." Fate: co-partner with "sis" as a ditch-digger.

**MARGARET SIMPSON:** This gal keeps up a running narration in all her classes, but still comes up with top marks. "What's your secret, Marg?" Her interests include yearbook work, sports, parties, and BOYS! The future will find Marg soothing the brow of some handsome patient.

**ALICE SOKULSKI:** Rm. 5's mad chemist, can be found with Judy, making startling discoveries in Chem. Lab. "Al" is one of the chosen few who can wear Bermuda shorts in Phys. Ed. Future: hopes to work with T.C.A.

**DIANE THATCHER:** "George", THE Yearbook editor, spends numerous hours trying to get her co-editor to do something (?). Interests — cheerleading, music, Highland dancing and a boy. How Ken she ever forgot him??

**LORENA WILLIAMS:** The near future may find this young lady scuffling through the corridors of some unsuspecting hospital. She takes a keen interest in both music and sports. Lorena insists she enjoys school, but, oh, that Maths!!

**JACKIE WOOD:** 'Legs,' could probably be persuaded to join the boys' track club . . . why? Her long, brown ponytail is a temptation to anyone who sits behind her. Future will find Jackie flirting with all the cute internes.

**CATHY YOUNG:** 'Ruth' is Mr. Longfield's pupil deluxe as she occupies the honored seat in the class — isolated back corner. Cathy lives for the weekends, and excels in Phys. Ed. Ambition — nursing. Probable fate — selling "wipes" at Eatons.

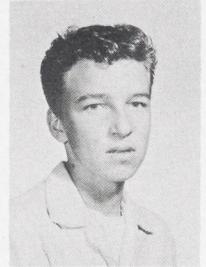

# ROOM 6

**TOM ADSHEAD:** Tom is Room 6's three year man. His favorite pastimes are hunting and fishing (girls??). When Tom is found awake, (and this is very seldom) he can be seen in the back of Mr. Wrights' room. Favorite expression: "Zzzz."

**ANDRÉ BÉLANGER:** André is one of Room 6's quieter boys? He is a loyal green stamp collector and an ardent French student. He was our amiable attendance keeper. Future—who knows?

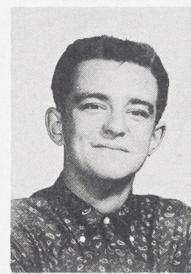

**DOUG BRAUTIGAN:** The strong silent type?!? He is often seen fighting sleeping Tom in the back of Mr. Longfield's room. By the appearance of his books, he may someday become an artist or car designer.

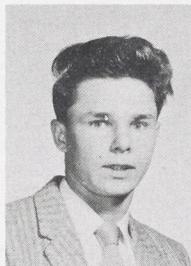

**TERRY CURRAN:** His favorite pastime? Hanging around room eight waiting for a certain blonde. He is the worthy? why—? of room six. Ambition: to get his father's car on the weekends.

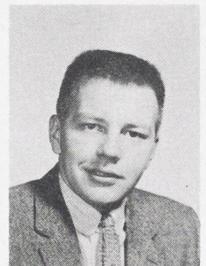

**WAYNE GALAUGHER:** Room six's first and probably last school President. He can often be found in the girl's gym watching Volleyball!!! Favorite expression—"Where's my Vice-President?"

Fight, fight, fight.

Open the door,

PERCUSSION

Mrs. M. Morrison

Pat Dennis

For the great success of our Annual tea we wish to thank Pat Dennis, the student convenor, and Mrs. Morrison, the teacher convenor. As this year's tea was the first at Churchill to be organized by a student committee, our convenors had the great responsibility of proving that the students were capable of giving a tea of which the school could be proud. Taking this responsibility and doing their best to give a successful tea meant giving up much of their spare time and energy. We of Churchill deeply appreciate Pat's and Mrs. Morrison's willingness and enthusiasm in doing this.

## The Snow Tea

One of the highlights of the first term was the Snow Tea. Since we did not have a tea last year, our school funds were in need of replenishing and we decided to make an all-out effort in our Tea. Those who worked so willingly towards it will fully understand the feeling of pride with which we say, "It was a grand success."

There was keen enthusiasm. For six weeks the energies of many talented students were put to use. The student-teacher convenor system was used for the first time this year. Committees were organized with one, two or more committee heads in charge of them. There was a committee for each of the following: decorations, publicity, tickets, ushering, moving, foods, pouring, serving, home-cooking, silverware and nursery. Most of the Senior High was involved in one of these committees.

The Junior High were relied upon to support the Tea by selling tickets. The goal for ticket sales was set at four thousand tickets, but this was greatly surpassed, thanks to the enthusiastic student body. Special recognition was given to those students who sold ten tickets or more. It took the form of a variety concert in which many of the teachers performed.

When problems arose, the teacher advisors were consulted. Despite the tremendous amount of work, which was put into the tea, very little time was taken from school hours.

On the day of the Tea the school's auditorium buzzed with mass activity. The food donations and silverware were collected at the doors and had barely

been sorted when a great many students arrived to set up the big Snowman on the stage, hang paper snow flakes on the wall, cover the serving tables and perform many other important details.

There were many attractions for the parents this year. Check rooms were provided to enable the visitors to escape the onerous burden of heavy winter clothes; a nursery took charge of the children, leaving their parents free to meet and talk with the teachers in their class rooms.

After the tour of the School, the visitors were ushered to seats in the decorated auditorium by Senior High boys. There, the Grade Twelve girls poured tea, which the Grade Eleven girls served along with dainties. The dishwashing was done by the Grade Nines.

The aforementioned variety concert, which was held not only for the supersalesmen but also for the committee heads and the members of the rooms that won the ticket selling contest, featured the talent of both teachers and students. The selections by Mr. Robertson, Mr. Madder, Mr. Goldring, Mr. Cook, Mr. Proctor, Linda Kerr, Rita Macri, and Diane Thatcher were greatly enjoyed. Just before dismissal, drinks and doughnuts were served.

From the ticket sales, the sale of home-cooking, and donations made at the door, a net profit of one thousand, four hundred and ten dollars was realized. These results prove again that anything Churchill High attempts to do is done well.

## Memorial Day Service

On November 11, 1959, a solemn service was held in honour of the war dead of our two Great Wars.

The service began with a prayer, delivered by Mr. Robertson. The opening remarks were given by Mr. Scurfield, and were followed by readings by Jacque Cooke and Wayne Gallaugh. Guest speaker was Judge Sparling, vice-president of the Canadian Legion.

The junior choir, accompanied by the orchestra, sang the anthem, "Earth Does Not Hold," and the two hymns, "Oh God Our Help In Ages Past" and "Oh, Valiant Hearts" were sung by all.

Three representatives of the Armed Forces, Rod MacKenzie — Navy, Andre Belanger — Army, and Ron Carlson — Air Force, laid the wreath on the memorial. This was followed by the sounding of the "Last Post" and two minutes of silence.

"God Save the Queen" was then sung to close the service.

## Election Week

With the beginning of the campaign week, the school suddenly became alive with bright posters. Before classes, in both the morning and afternoon, the students were entertained by parades representing the various candidates. On the following Wednesday, after a week of campaigning, each candidate gave his or her election speech. Voting took place on Friday, with the results being announced at the election dance that same night.

Wayne Gallaugh and Jacque Cooke were elected president and vice-president respectively, for the year of 1959-1960.

## Astronomy Club

The Astronomy Club was started last year with the purpose of constructing a telescope. At that time the telescope tube along with a few parts were built. This year, construction on the telescope was completed with the grinding and polishing of the mirror and the making of the tripod.

The objective of the club is to increase its knowledge of the vast universe. This is achieved in several ways. During each weekly meeting, the members hold talks concerning outer space. Their knowledge is also extended when they attend the monthly meetings of the Royal Astronomical Society of Canada. Of course, their greatest asset is the telescope which enables them to explore the heavens more thoroughly. If possible, next year they wish to begin photographing the stars in colour.

The Astronomy Club consists of:

Barry Boothe—secretary, room 16.

## Frolic Committee

Under the direction of Mr. Martin and the chairmanship of Diane Storey, the Senior High Frolic Committee this year undertook to sponsor three regular dances, one "coke" dance, and two Basketball dances.

The first event, "The Election Dance" was indeed exciting. Tension increased throughout the evening and this was brought to a climax by the announcement of the winners of our school elections.

The music of Eaton's Band Box provided an excellent background for the second dance of the year which was held near Christmas. Bob Pike's three-piece band entertained, and all in all this frolic proved very successful.

The final dance of the term was very appropriately named "The Leap Year Dance" in which the girls were allowed to invite the boys and choose their partners throughout the evening. The entertainment at this hop was a band called "The Galaxies." Music was provided once more by Eaton's Band Box.

Thanks are gratefully extended to the many teachers and custodians who spared their Friday nights in which to chaperone our social gatherings.

## Junior Red Cross

Through the efforts and co-operation of the teacher-sponsors and class representatives, this past year has been particularly successful for the Junior Red Cross organization in Churchill High School.

Because of the increasing number in this group, it was necessary to organize the junior and senior high divisions separately.

Miss F. Neithercut volunteered to act as teacher-sponsor for the junior high division. Their main project consisted of making health kits. These kits were delivered to the Red Cross Headquarters and from there distributed to a foreign country in need.

The senior high division, under the sponsorship of Mr. Belton, had a financially successful year. Cloak rooms were supplied for all school functions such as dances, concerts and teas with the proceeds entered in a special Red Cross Fund. In connection with this, special thanks are due to Gwen Sangster, Paula Ingaldson, Marg Kruschel, Marg Killen, Lucille Moore, Elaine Christie and others.

During the Teacher's Convention, a group of senior-high girls sold coffee and doughnuts to the teachers

Left to Right: Wayne MacDonald, Vice-President; Lucille Moore, President; Elaine Christie, Secretary.

taking part in the convention. This undertaking proved to be a success, and the proceeds were again turned over to the Red Cross fund.

For the first time an International Correspondence Club was introduced. Churchill High students were able to correspond with students who had attended the Red Cross World Conference held in Toronto last year.

**LUCILLE MOORE**  
Red Cross President

The Red Cross has been able to grow from a group of five to a world-wide organization because of a certain spirit or ideal behind it, holding it together and pulling it ahead.

As one of the Manitoban delegates to the Junior Red Cross International Study Centre, I know that I too began to feel this certain spirit as I learned French songs, danced Japanese dances and exchanged gifts with Rima, the girl from Lebanon, Yong Key, the boy from Korea and many others from all corners of the world. I know that this certain spirit had been fulfilled as the youth of these forty-three countries worked together to provide happiness for old folks and crippled children. I learned at the Study Centre, as did the other delegates, that race, colour and creed were really no barrier in working towards the betterment of mankind.

My deep appreciation goes to all those in Churchill High who were responsible for making it possible for me to attend the study centre in Toronto last summer. A very special thanks to Mr. Belton for his guidance and instruction.

## M.U.N.A.

Daniel McIntyre Collegiate was the setting for the fourth session of M.U.N.A. (Model United Nations Assembly) on April 22 and 23 of this year. As its title suggests, M.U.N.A. is an attempt to reproduce the Assembly of the United Nations in a locale far from its headquarters in New York. During the two day session, six topics dealing with subjects of world interest were discussed. To make the two days complete a dance was held on the first night, and a banquet at the Fort Garry Hotel on the second evening.

Delegates to M.U.N.A. came from many parts of Canada and the United States. Each delegation, consisting of two students, represented one of the eighty-two member nations of the United Nations. This year, Churchill sent Fred Keeley and Helen Scott to fill the positions of Vice-President and Assistant Secretary General of the Assembly. Those students who were lucky enough to attend M.U.N.A. enjoyed the experience, and went away with a better understanding of the United Nations.

## ADVENTURE IN CITIZENSHIP

—BRUCE DOERN

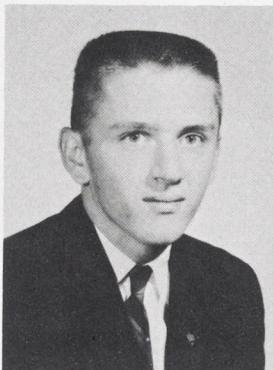

It is perhaps necessary to present a little of the history of the "Adventure in Citizenship" before beginning the very difficult task of trying to express my feelings and opinions about my "adventure."

For the tenth consecutive year the Rotary Club of Ottawa, in direct co-operation with all Rotary Clubs across Canada, sponsored a project to promote a better understanding of the meaning and responsibilities of Canadian citizenship. For a period of four days in May 1960, approximately two hundred senior High School students selected by the Rotary Clubs of Canada were the guests of the Rotary Club of Ottawa in the National Capital.

In form the "adventure" involved a series of discussions, addresses by prominent Canadians, tours of Parliament and the R.C.M.P. headquarters, and other points which have come to be identified with Ottawa, and above all, a fellowship of Canadians from coast to coast. Perhaps the highlight of this general format came at the final banquet wherein one student from each province presented his impressions and observations of the capital city. I was given the opportunity to speak for Manitoba and much of what follows was a part of my speech.

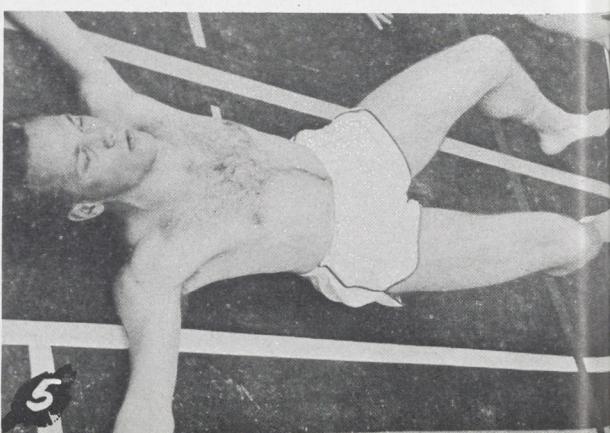

I may perhaps begin to sound like a "flag waver." I'm not going to apologize for this feeling, for if there was one dominant impression I received, it is this. If there was any doubt of Canadians and Canadians from Campbell River in B.C. to Cornerbrook in Nfld., it has entirely disappeared. It was indeed a very wonderful experience to meet at the railway station in Winnipeg a delegate from the other side of Winnipeg and then several from distant points in Manitoba. On boarding the train I met delegates from the other three western provinces, and on arriving in Ottawa all of us met the eastern delegates. Meeting and becoming friends with these fellow Canadians, even for only four days, was the most enjoyable and wonderful experience of my life.

In Ottawa, whose very atmosphere is one of history and tradition, we heard our nation's leaders speak in turn of our Parliamentary heritage, our responsibility as citizens to promote a world peace, and our duty to maintain the integrity and independence of the individual. It is most unfortunate that all young Canadians cannot experience what I and a hundred and ninety-nine others experienced. I feel quite safe in saying that we left Ottawa very much impressed, by the city itself and very much aware of what this seemingly innocent word, "citizenship," really means.

**CHURCHILL HIGH BOYS  
CAPTURE INTER-HIGH  
FIELD DAY !!**

# Churchill Speilers

This group of Churchill Alumni did Churchill High proud by winning the Provincial Women's Volleyball Championship. In the finals, the Speilers played the favoured University of Manitoba Bisonettes. Our girls dropped the first game but made a brilliant comeback by the second game. In the third game, the Bisonettes were completely subdued by the Speilers' terrific spirit. The Speilers then advanced to the Inter Provincial Championships where in the semi-finals, they handily defeated the much raved about Calgary Rockettes, last year's champions, in two straight games. In the finals, our girls suffered their first fatal defeats. They gave the first and third games to the Winnipeg Falcons. These girls played remarkably well and are to be congratulated for their fine effort!

Back Row: Judy McDiarmid, Jacque Hall, R. Bratton (Coach), Linda Earl, Miss M. Durham.  
Front Row: Donnamee Marr, Pat Olander, Carolyn Liddle.

## Curling

This year, approximately seventy students participated in the great sport of curling. The majority of the curlers were boys, but there were also a few girls. The schedule was from November to March, and it was played partly at the Eaton's Curling Club and partly at the Fort Rouge Curling Club.

After the regular schedule had been completed, there was a series of playoffs, which was won by Pritchard's rink. The skip of the winning rink was Ray Pritchard, the third was Brian Curran, the second was Bob Kavanagh, and the lead was Laurie Holgate.

## Badminton

As there was no Badminton Club started this year, an Inter House Badminton tournament was held in place of it. The tournament was divided into two divisions — one for the girls of grades 10, 11, and 12, and the other for those of grade 9.

At the end of several weeks of playing, Muirhead and Scurfield emerged with the victories.

Carol Hunter and Pat Olander of Scurfield took the senior division while Donna Sweetland and Maureen Ball of Muirhead won the junior division.

Back Row: Pat Olander, Carol Hunter.  
Front Row: Maureen Ball, Donna Sweetland.

## Bowling

The Churchill Kit Kats had another successful year. This season, there were three leagues — one on Fridays at 4:30 p.m., and two on Wednesday, one at 4:15 p.m. and one at 5:30 p.m. The roll-offs for the league were held late in April, with Ron Martin's team emerging victorious. A dinner and dance on April 30 concluded the bowling activities.

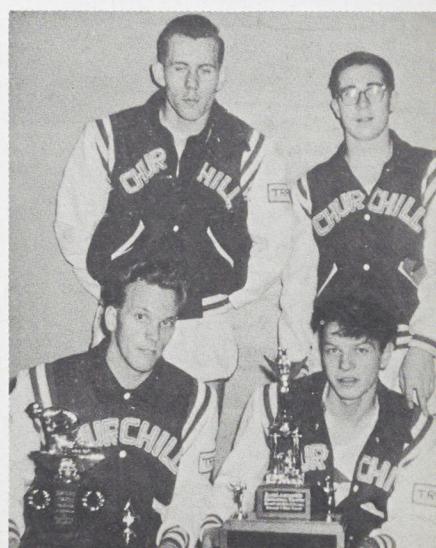

This year, the outstanding bowlers were Judy McDiarmid, who had an average of 159, and Jack Mahon who took the honours in the men's division with an average of 192.

On behalf of the Churchill Kit Kats, we would like to extend our thanks and appreciation to Mr. Bradshaw for his kindness, patience, and hard work.

## Track Meet

Churchill High's relay teams captured two beautiful trophies at the indoor track meets held at the Winnipeg Arena this winter. Coasting to easy victories, both teams posted record-breaking times for the 4 x 160 yards and the 4 x 440 yards.

Back Row: Theo Koehle, Fred Keeley.  
Front Row: Larry Hodgkinson, Harvey Kris-  
cunias. Missing is Dave Solmundson who  
ran in the 4x160.

# INTER-SCHOOL BASKETBALL

## SENIOR HIGH SENIORS

The senior girls' basketball team, although very determined, was unsuccessful in recapturing the city championship, that last year's team had won. After losing their first game, the team came back fighting with two victories over Elmwood and St. John's and a tie with Daniel. However, they lost their final two games and finished out of the playoffs. Next year the girls hope to bring the championship back to Churchill.

Left to Right: Donnmae Marr, Carol Hunter, Betty Ann Odgers, Pat Forrest, Alice Sokulski, Judy McDiarmid (Captain), Pat Olander, Lynn Riley, Marg Simpson, Joan Morgan, Carol Barber. Centre: Miss M. Durham.

## SENIOR HIGH JUNIORS

The Junior girls' basketball team got off to a bad start by losing their first five games. Undaunted, however, they bounced back to win their last two games, one against Sisler and one against St. John's. Another loss to Grant Park followed. Having gained much experience this year, the girls are looking forward to next season.

Left to Right: Patty McGrath, June Grimsley, Shelagh Bell, Marilyn Pearson, Ruth Gilraine, Sandra Millen, Marjorie Mott, Linda Tucker, Miss M. Durham, Eldred Norton (Captain), Luba Kostyshyn, Sidney Porter, Pam McBain, Shaunda Littlewood, Judy Sparrow, Alison MacKay, Mary Downing.

## Inter-School Track

This year, the toiling athletes of the track club have continued their devastating sweep of all inter-school track in the urban area.

In the autumn cross-country series, Churchill came from behind in the last race to win by a comfortable margin of twenty-one points and capture their twenty-sixth consecutive cross-country victory.

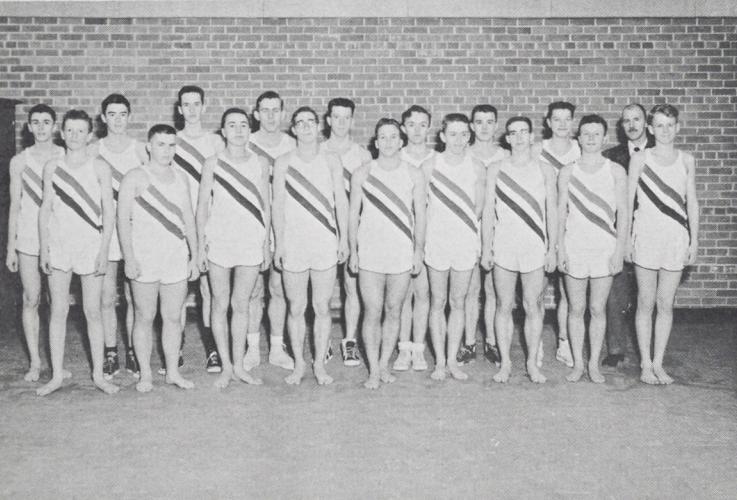

Those who still dare to walk in the lower halls before 8:30 a.m. may have seen a great horde of junior highs under the direction of Mr. Kuz. Some of these boys have shown great promise and are now training with the men.

Churchill has finally produced a reply to Bob Fisher-Smith-Harvey K. Even Fisher-smith has realized

the threat that Harvey Keck presents to him and has shown his true colours by fleeing (to Ottawa).

At this year's indoor track meets, the 4 x 440 and 4 x 440 relay teams raced to new records capturing the two beautiful trophies which can be seen in the trophy cabinet. The time for the 4 x 440 relay was a Western Canadian, if not a National high school record.

Looking to the future, the track club has three main goals—to get Jim Clark away from Linda long enough to run a hundred, to spell Harvey K's last name right, and to win at least one relay at the inter-high field day this year.

Back Row: Ron Brown, Larry Woolston, Bruce Cameron, Theo Koehle, Goerge Paulus, Brian Zimmerman, Ken Nairne, Harvey Kriscunas, Mr. G. Phillips. Front Row: Derrick Johnson, Charles Gregor, Ed Herold, Fred Keeley, Larry Hodkinson, Bruce Doern, Doug Keeley, Dave Solmundson, Barrie Nichol.

# SPEEDSKATING

## CHURCHILL HIGH GIRLS' SPEEDSKATING

The female speedskaters of both Senior and Junior High made a game try in the Inter School Speedskating, held in January.

The Junior High girls came through with three seconds in the individual classes and a third in one of the relay events. Sandra Mikolayanka placed second in the Primary girls, Diane Brewster placed second in the Intermediate girls and Alison Leach placed second in the unlimited girls. The members of the third place relay team were Betty Lorimer, Judy Ibbot, Leslie Simmons and Brenda Baizley.

The Senior speedskaters had many entries and just as much enthusiasm but were unfortunately not able to place. Next year they promise to win.

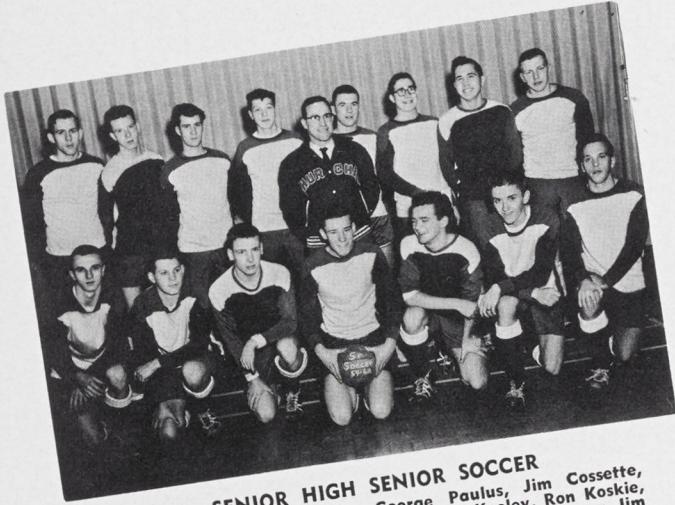

## CHURCHILL HIGH BOYS' SPEEDSKATING

Churchill skaters might easily have captured top honors this year but because of a lack of entries in several major events, they could only manage a 5th place in the Senior High Division and 3rd place in the Junior High Division. The Junior High boys section sparkled with a 2nd place finish in the primary final, a 3rd in the Senior final and another 2nd in the Junior final. The senior high skaters, with only two teams entered, could only manage a 4th place showing in the Senior final. In the individual events, Brian Baizley placed 1st in the Primary final and Bill Scott 4th. In Senior High, Rowly Lorimer placed 3rd in the unlimited individual. Next year, with better participation, Churchill should be able to reign the speed-skating world as it has in the past.

Back Row: Lesley Simmons, Harvelyn Argue, Sue Cleven, Miss M. Durham, Jackie Marsden, Eileen Metz, Judy Ibbott. Centre Row: Bonnie Quinton, Helen Falk, Lynda Scott, Claudia Watkins, Mary Scarfe, Lois Kimball. Front Row: Janice Starosilec, Diane Brewster, Dianne Silver (Captain), Roberta Graham, Diane Kriticos, Pat Legge.

#### JUNIOR HIGH JUNIORS

The Junior High Junior Volleyball team had a successful season by placing second in their division. Of their four games, they had only one loss and one tie against them.

## Inter-School Volleyball

#### SENIOR HIGH SENIORS

The Senior High Senior Volleyball team ran up against the same tough competition but they ended up near the top of the city standings, second only to Elmwood. Of their eight games, they lost only two and tied one.

Back Row: Sharon Priestley, Iris Winters, Miss M. Durham, Bernice Foster, Maureen Munday. Third Row: June Grimsley, Shaunda Littlewood, Judy McElroy. Second Row: Judy Blacker, Eldred Norton, Marilyn Pearson. Front Row: Ruth Gilraine, Joanne Roberts, Shelagh Bell. Missing: June Milroy.

#### JUNIOR HIGH SENIORS

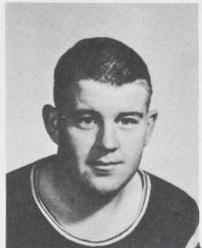

The Seniors had a very good season, climaxed by a thrilling 36-35 victory over Earl Grey for the city title. At the end of their scheduled games, they found themselves tied for first place with Laura Secord and in a deciding game they won their division. In the semi-final round of the city championship, the girls defeated Cecil Rhodes and then went on to the city final, which they won in a close game.

Back Row: Margaret Hubbauer, Margaret Bonner, Bunny Keeley, Miss M. Durham, Maureen Ball, Bonny Pusey, Karen Moar. ## VARSITY BASKETBALL

The varsity basketball team, coached by Mr. Phillips, experienced a rather dismal year as they only won one game, defeating Elmwood 48-45, while dropping 13 games to the opposition during the regular season. Their record, however, does not give a true indication of the team as many of their losses were by very slim margins. Also, they won 3 out of 6 exhibition games, which showed their better calibre of play. Next year, with the returning of graduates and the upcoming freshman players, the varsity should be able to place a very formidable team on the courts.

# Team Profiles

## #31 MARK McDougall—6' 2", 205 lbs. Forward.

Picked up when the infamous "Christmas Massacre" deleted the ranks of the squad, "Big Matt" has turned out to be a real find. His adept ball handling and know-how make him a valuable asset. His one big goal is to get into his tailor-made shorts sometime this season.

## ALAN DELICHTE—Manager.

Probably the most indispensable man on the squad is "Big Al" who sees to it that the balls, uniforms, and coaches, etc., get to the game at the same time as the players. This is not an easy feat to accomplish but a man of Al's experience handles the problem with ease.

## #34 BOB McCLINTOCK—5' 10", 173 lbs. Guard.

After starring for Webster's championship team last year, "Clint," with the aid of elastic bands and Messrs. Bell, Currie and Mrs. Bond, successfully made the jump to the big time. Main ambition this year is to dunk a lay-up. "Clint" provides comic relief for the club, in the dressing room and on the floor.

## #54 DOUG BRADSHAW—5' 9", 140 lbs. Forward.

"Dunkin' Doug" as he is known to his more intimate friends has one of the most deadly shots on the squad. He likes to drive the team to games but has trouble getting the old "Study" started. It didn't matter because he charges bus fare rates for a ride anyway. (Nice Guy).

## #53 BRUCE DOERN—5' 8½", 134 lbs. Forward.

This year Bruce has forsaken his political duties as school president to concentrate more on athletics. This is a good break for the Varsity because when he's on he has as good an eye for the basket as anyone in the business.

## #32 ERNIE MALAKOFF—5' 11", 154 lbs. Centre.

Ernie is one of the big men we count on to control the backboards for us. When Ernie is on the floor, if he manages to arrive in time, his height and good jump shot under constitute a real threat to other teams.

## #35 JOHN CALDWELL—5' 11", 147 lbs. Forward.

John is one of the real hard workers on the club. His diligent workouts have made him a deadly shooter and a strong rebounder. He is also a good defensive man and a "thinker" on offense. His sole weakness lies in putting his sweater on backwards.

## #51 DOUG KEELEY—5' 6", 140 lbs. Guard.

"Demon Doug" the dangerous dribbler is a member of the Varsity's "Brain Trust." He thought up those sneaky plays on the front cover. Besides this talent he also possesses more than a little basketballsavvy, and can be dangerous from his guard slot.

## #41 JIM SMITH—5' 11½", 164 lbs. Forward.

Jim is a former jump-shooter who had trouble hitting the old basket. After diligent coaching he has developed into a deadly set-shooter, but he has

found a need to dip his fingers in glue before going after passes. Common complaint — "C'mon Mahan, quit passin' behind me!"

## #33 JACK MAHAN—5' 10½", 143 lbs. Guard.

Another of the fine crop of rookies up from the minors, "Cactus Jack" is a real fine all round basketball player. As one of the "Four Fabulous Guards," he can be seen stealing the ball and intercepting passes on all enemy attacks, and occasionally on some of our own attacks as well.

## #42 GEORGE PAULUS—5' 11", 156 lbs. Forward.

Another of the Big Blue Men who specialize in clearing the backboards for Churchill. Big George is a real hustler out on the court who fights all the way and on the bench, along with Doern, he is head cheerleader and holler guy for the BENCH WARMER SOCIETY.

## #45 JOE SCHEIRING—5' 9½", 140 lbs. Forward.

This is Joe's second year on the Varsity squad as a feared scorer. He struggled between bowling and basketball all fall but good sense prevailed and basketball finally won out. Just rounding into shape as a candidate for All-Star (so he says!). Joe is one player to watch closely on the floor.

## #52 JIM CLARK—5' 6½", 133 lbs. Guard.

Old "Wilt the Stilt" Clark is a second year man on the Varsity squad, and as the saying goes, he improved with age. A great ball handler, Stilt has started many a play which ended in two points for Churchill or Kelvin or Daniel or Sisler or St. John's. This boy is eligible and his phone number is GLobe 3-3636.

## #43 JOHN BETTON—5' 11", 141 lbs. Centre.

John is currently leading all contenders for the "Bad Man of the Year Award." The capable pivot man of Mr. Phillip's basketball machine is an excellent passer, wicked shooter from 'most anywhere and a real tiger on defense. Would like to play just once until the end of the third quarter. \*!@#\$!! WHADDYA MEAN? I just touched him."

## #55 THEO KOEHLER 6' 1", 173 lbs. Forward.

Another second year man on the squad, Theo is presently our highest scorer, averaging about 20 points a game. However, he is just hitting his stride and we are awaiting for his average to start rising. He is our most likely candidate for All-Star but I sure would like to know where all his blood goes once the game starts.

## #44 GAIL ACASTER—6' ½", 145 lbs. Guard.

"Nicely Nicely" after several seasons of experience, is the old pro on the club and was the only choice to lead the team this year as our Captain. The "Thin Man" is a standout basketballer with a wide array of shots. His only rival on the team in any category is Clint who has a one point advantage in the "Most-Lates-After-Morning-Practise-Race."

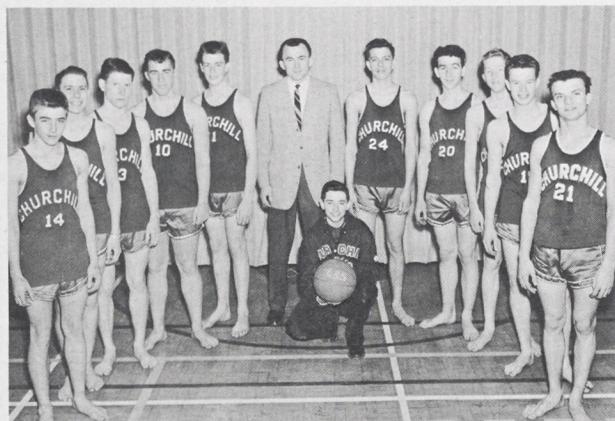

## FRESHMAN BASKETBALL

The freshman team, under coach Mr. Cook, like the Varsity were unsuccessful in the win column although they possessed the traditional Churchill qualities of spirit, hustle, and good sportsmanship. Their lack of height was one of the main reasons for their record of no wins and 7 losses. The year in freshman basketball should have given the players time to learn the basic skills and gain experience and will provide good material for next years Varsity team.

### FRESHMAN BASKETBALL

Back Row: Ray Cutts, Larry Woolston, Mr. D. Cook, Richard Atkinson, Derek Miller. Centre Row: David Harder, Wally Monson, Barry Nichol, Richard Whitehouse. Front Row: Jim Saper, Mark Tenant, George Christie, Ken Hall. Missing: Bob Donnelly, John Anderson.

### JUNIOR HIGH SENIOR BASKETBALL

Tom Larkins, Randy Jefferson, Bob Boyd, Gerry Jones, Grenville Winslow, Mr. E. Labinowich, Keith Stanley, Don Smith, Ron Carlson, John Robertson, Mike Hanford. Centre front: Jack Bowman, Manager.

### JUNIOR HIGH JUNIORS

The Junior High Juniors, coached by Mr. Kuz, were by far the most successful team Churchill presented on the basketball courts this season. The team's record of 4 wins and 3 losses was the best of any Churchill team and they almost made the playoffs. The players were good competitors and with their experience gained, they will undoubtedly provide a strong nucleus for next year's Senior High team.

## Junior Basketball

### JUNIOR HIGH SENIORS

The Junior High Senior basketball team, coached by Mr. Labinowich had a mediocre season winning 2 out of 7 games. The team was capable of playing good basketball as shown in their wins against Grant Park and Isaac Newton but they were unable to attain peak efficiency during all the games. The team always worked hard, played their best, and never said die.

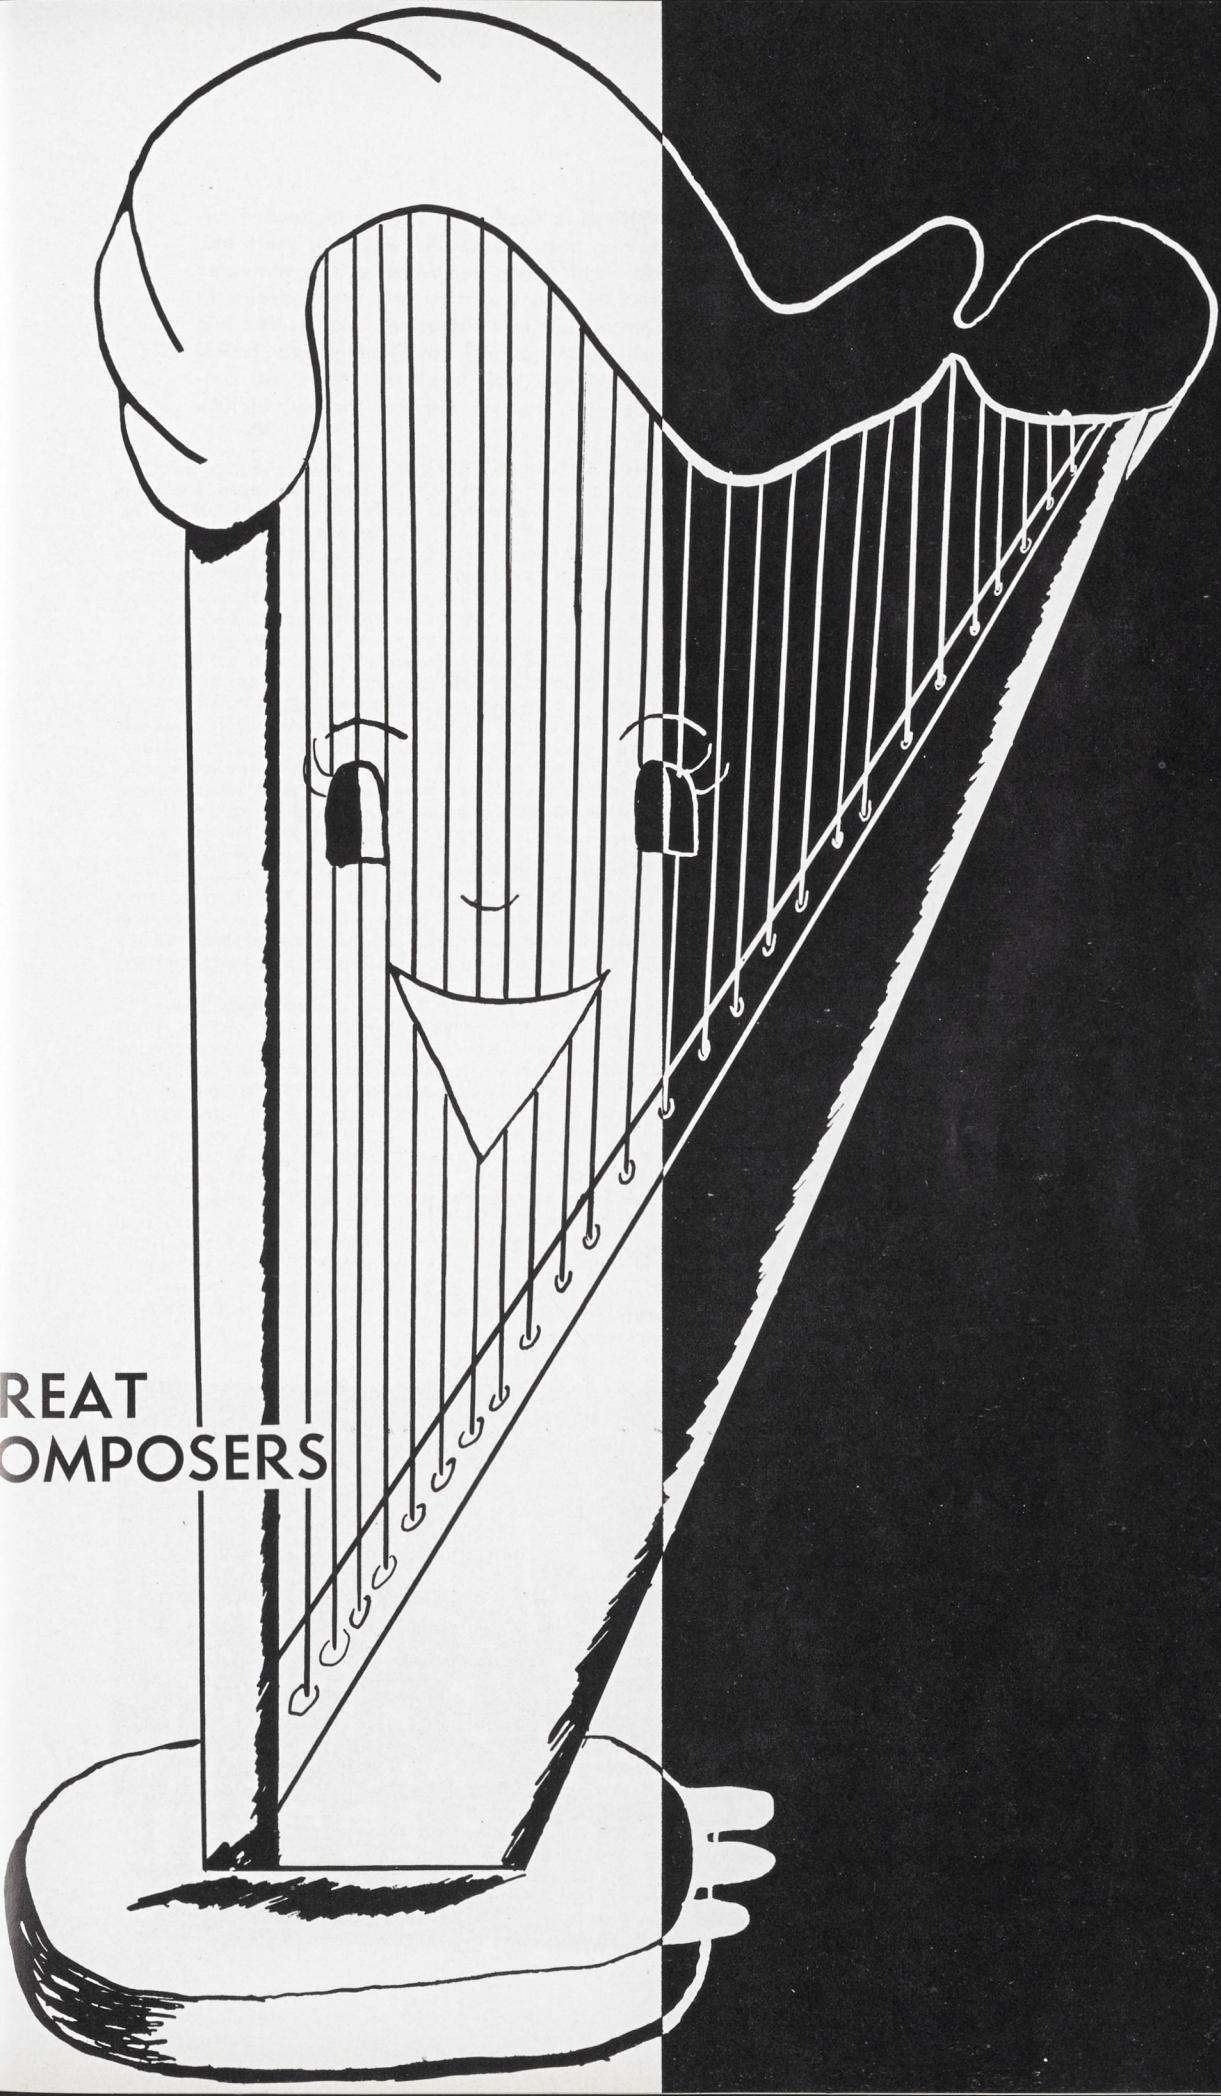

### JUNIOR HIGH JUNIOR BASKETBALL

Back Row: Bob Roe, Don Wotherspoon, Roman Kopchuk, Larry Yocom, Roman Lewycky, Bill Rayner. Front Row: Bruce Downie, Geoff Birch, Bill Burn (Captain), Richard Quinton, John Ellis.

LITERARY

GREAT  
COMPOSERS

**MARY DOWNING**, a Grade Ten student of Room Four, has been writing poetry since she was nine years old. She has had eight poems published in the Manitoba Teachers' Journal, and one story and twelve poems in *Wee Wisdom*, a children's magazine. She has also had her work included in the past two Churchill year books.

We of the Victory staff know that Mary will continue her fine work, and we wish her the best of luck in the future.

## On Discovering Beauty

MARY DOWNING — Grade 10

What is an Oak, but a Tree,  
Or a Lily other than Flower,  
Or Sunset nought save the curtain  
That closes a Day's dying hour?  
For the Soul is the wellspring of Beauty  
That transforms the tree into jade.  
The treasure is living within us,  
And the Mind of a Man is the spade.

## Letter To The Editor

MARY DOWNING — Grade 10

Dear Sir: Having read your article of January second Dealing with a subject which is generally reckoned By pupils and their parents as a backward social sin, I now proceed to give my views on "student discipline." This Jones who wrote the article is not a friend of mine, As I find his ancient theories are not at all in line. Imagine! . . . not allowing free expression to our kids, . . . As if a few clouts leeward would button up their lids! The cause of most rebellions is democracy in schools Is always taught, but never played according to the rules. One action that would make the atmosphere appear more stable Would be to give the students a first-rate ping-pong table To use in studies and at noons as all the teachers do. Alas! This class distinction is very sadly true. The teaching staff have lounges with coffee, cake, and cheese; They've even got some DDT to ward away the fleas. At 'Series time the teachers slink behind verboten doors, Where they hazard bets and guesses as to the final scores.

If this what's-his-name Jones feller had any common sense, He'd check the aristocracy to which teachers are propense. Then He's got to lower the wages, or succumb to the students' pleas, And if he does the latter, he's attempting to appease The population's majority, which is democracy As it's ne'er before been demonstrated in Western history. And with fairer all-round treatment, I'm sure that he will find The entire student body won't have rebellion on its mind. So t'heck with this here Jones guy and all his Stone Age crew, Let's out with the old philosophy, and look toward the new, And if, by chance, psychology should happen to leave us vexed, We'll discard this generation, and start again with the next.

JOY GISLASON — Grade 11

Dawn came slowly to the chill October morning as if she were loath to rise and face another dreary day. Thin rays of sunshine tried weakly to bring back the warmth of a summer's day, and the frost on the leafless branches began to melt and, like sparkling tears, trickle away. The smog which lay heavily over the dingy buildings lifted, and the city lay stripped of its protective cover, in a nakedness peculiar to that brief moment before man awakes and fills its streets with noise and life.

The old man stirred. Hunger and pain roused him from a fitful sleep. He opened his eyes and watched the sun filter through the faded blind and cast mottled shadows on the cracked, grey ceiling. His glance followed the sunbeams across to the window, until finally, after several shaky efforts he managed to lift his arm high enough to raise the shade and allow the sunlight to flood the room.

The dull ache of hunger in the pit of his stomach was so constant that he felt it had always been a part of him, but of late, he had become so overpoweringly weak that he could no longer lift himself off his hard, lumpy mattress. His eyes turned towards the window and stared dully at the awakening street.

In the room below, a pair of eyes watched the same scene, but watched eagerly, for they were young eyes, and clearly revealed their owner's love of life. In truth, he was a young man, not yet thirty, but he was old in the knowledge and understanding of mankind, for he was a poet, with a poet's insight into nature. He stretched lazily, flexing his lean body with the grace and content of a cat, newly awakened from a peaceful nap, and at last, with many regrets, left his warm bed. His room was bare and drab, but he neither cared nor noticed, for his mind was not concerned with material wealth. He dressed quickly, for the room was cold. He stood at his window gazing thoughtfully at the morning.

Across the hall, in a room similar to the poet's,

a young girl was humming softly to herself as she heated some water for her morning coffee. Her hair, hanging loosely about her shoulders, glistened a burnished gold in the sunlight. The room was cluttered, filled with large canvas paintings, and a great easel stood over by the window. Cup in hand, she walked over to the painting and sighed as she looked at it. She just could not seem to get the idea she felt into her painting. She picked up her brush and began to mix her paints.

The day wore on, and the old man grew progressively weaker. His eyes became dull, and his breathing shallow. He lay there, not alive, and yet not dead, and prayed for relief.

The sky was cloudy and overcast as the poet left his room. He needed a rest. The atmosphere in the building was stifling, and as he stepped onto the sidewalk large feathery snowflakes began to drift down, blanketing the shivering world in white. He walked for a while, and then started for home, cleansed and refreshed in spirit.

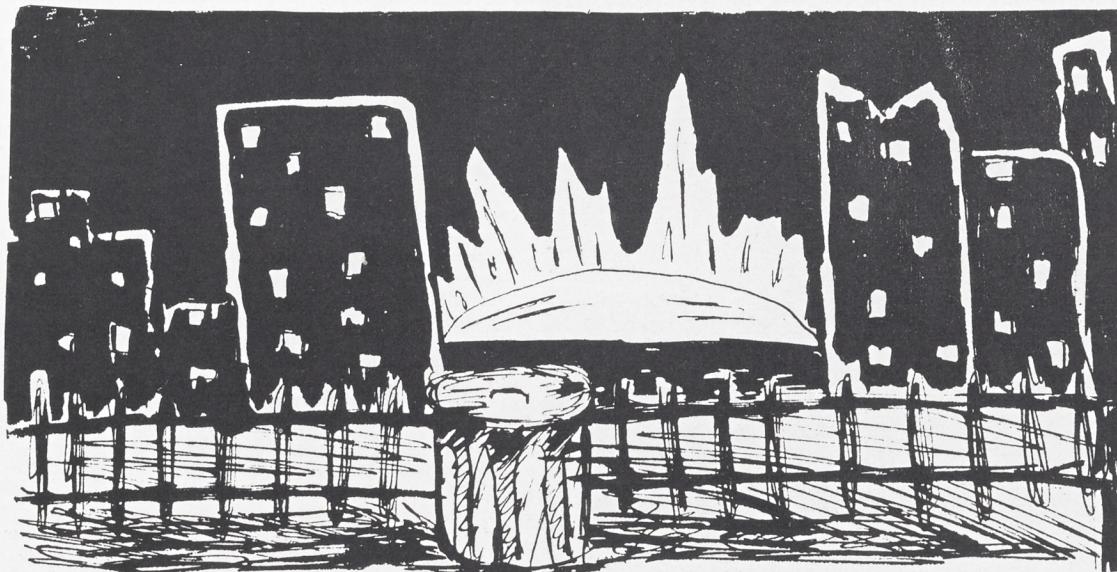

The sky cleared and the sun, sinking low in the western sky, changed the city to a glowing jewel, each facet a prism in itself.

The painting by the window in the girl's room seemed to glow in the evening light, and as she looked at it, it seemed to change, and she knew how she must finish it. She began to work.

The old man closed his eyes. He had a strange feeling, a disembodied sensation, and he no longer felt the pain in his worn body. As the sunset flamed through the room, his fingers clutched feebly at the rough wool of his blanket, and then relaxed. His eyes stared at the ceiling, sightless but peaceful.

The poet sat in his room below, and as the sun faded away he picked up his pencil on an impulse, and began to write:

"The minutes fled like crystal tears,  
And Death, the lonely vagabond,  
Strung them on his chain of years."

# The Road

CHARLES BAKER — Grade 11

For miles before him the lonely, winding ribbon of asphalt meandered over the hills and through the trees. Through a break in the seemingly endless clouds a lone star twinkled. Other than the hum from the car, the only sound disturbing the darkness was the rustle of the trees as the gentle breeze caressed their branches. The headlights invaded the gloom, breaking the obscurity and transforming some of the murky night to day. The unvarying murmur of the tires and the subtle purring of the motor lulled his mind from reality as he sped through the endless night.

His happy mind began to drift to thoughts of the warm, happy house he had just left. He remembered the look of happiness on their faces when he arrived; the tinge of sorrow when they noticed she was not there. There had been much celebration. All of his friends had gathered to give them this final bachelor party. Everyone was obviously happy and he had fallen right into the mood and enjoyed himself immensely. The party had been a tremendous success and his parents said they would be able to make it to town Saturday. This piece of good news heartened him.

He remembered how he had noticed a slight fog drifting in from the lake as he left the old colonial house. As he crossed the large porch he had instinctively turned up his collar for protection from the wet, cool lake breeze. He thought of how he had dawdled beside the car door and contrasted the lonely night with the brightly lit interior of the house. He remembered the strange feeling of loneliness that had overcome him and how it had slowly passed. This was to have been . . .

The flash of headlights from a single passing car awoke him from his reverie. He glanced at his

speedometer. "Going kind 'a fast," he muttered to himself as he eased his foot off the accelerator. As the murky gloom of the lonely night offered him no reason to remain attentive, the hum of the motor and the song of the tires soon lulled him back to his dreams. . .

She isn't here tonight but this is only one night from the many we will spend together; just a few more days. He began to think of how all of the married boys at the office had congratulated him and laughingly warned him about married life. It wouldn't be that bad, not with her and me. His thoughts stuck on that phrase. It had a rather pleasant sound. His mind slowly worked itself to an anticipation of the church scene.

The weather forecast was for a lovely summer's day. He could picture the decorated cars in the driveway; the little white church under a clear blue sky with only a few soft white clouds to break the monotonous blue. He visualized the inside of the church and his "taking the fatal plunge" as the boys at the office had put it. His thoughts rambled over the busy schedule for the next few days. It would have seemed like a lot of work if he hadn't been so happy. He began to think of all the things he had yet to do.

Suddenly, there was a blinding flash of headlights over the crest of the hill. The oncoming car was swerving all over, hogging the road. He pounded the brake; too late. There was a violent convulsion, a deafening impact and the tinkling of broken glass falling to the pavement. "My God," he gasped as the inky gloom of night closed in on him.

A lone star twinkled through a break in the overcast sky while the wind softly rustled through the trees, but he didn't notice that.

# Let's Go Home

ED HEROLD — Grade 11

It was a warm autumn evening with the whispering breeze gently guiding the crisp golden leaves of the oak tree towards the beckoning, expectant earth. The glittering stars dimly lit the silent darkness of the peaceful heavens.

Bill was returning home from his stint at the oil refinery. Suddenly, he saw the fire engines and the multitude of people. Bill refused to believe it; but it was true — his home was on fire. Bill jumped from his car and, as he started to charge through the gate, one of the police officers grabbed him and held him back.

"Where do you think you're going?" shouted the police officer.

"My wife, my kids, they're in the house. I've got to save them."

"You're too late," said the police officer.

"Your wife and children perished in the fire."

"No, it can't be true," sobbed Bill, and, as he walked away, he burst into tears.

Bill climbed into his car and turned on the ignition. He wanted to drive, drive, drive and never stop. He wanted to go somewhere, anywhere. He didn't care. As fate would have it; however, the car would not start; consequently, Bill stumbled from the automobile and began to wander in a daze down the street.

As Bill trudged on, thought after thought ran through his mind . . .

The first time I saw you, Laura, you were working as a model in a department store. I was attracted to you as soon as I had met you. We were married a year later — the six happiest years of my life — now its over . . .

Bill thought of his three boys, Jim, Mike and Ted . . .

Jim was five years old on Friday. It seemed as if he never did anything wrong. Mike, the exact oppo-

site was always getting into mischief. Even so, he was a good boy at heart. Ted yes, Ted. He had polio when he was six months old. Yesterday, the doctor said that the braces would be taken off in a year's time. Ted would have been able to walk for the first time in his life . . .

The breeze gained strength forcing Bill to pull his hat tighter over his head. While he lumbered on his way, he thought of the number of times he and his brother, Frank had walked to school together . . .

There's the fire hydrant we used to jump over. There's the ditch where we used to hold our snowball fights. I can still remember the time when John Bones, the street bully, picked a fight with me. As soon as he saw my brother, he ran away. Frank, you were always protecting me. I've sure missed you since you were killed in that boating accident, last summer . . .

Suddenly Bill heard a voice — his wife's voice. Bill turned and saw Laura and the three children. He rushed to them and embracing them, he wept. When he had regained his voice Bill exclaimed, "I thought you were dead. What happened?"

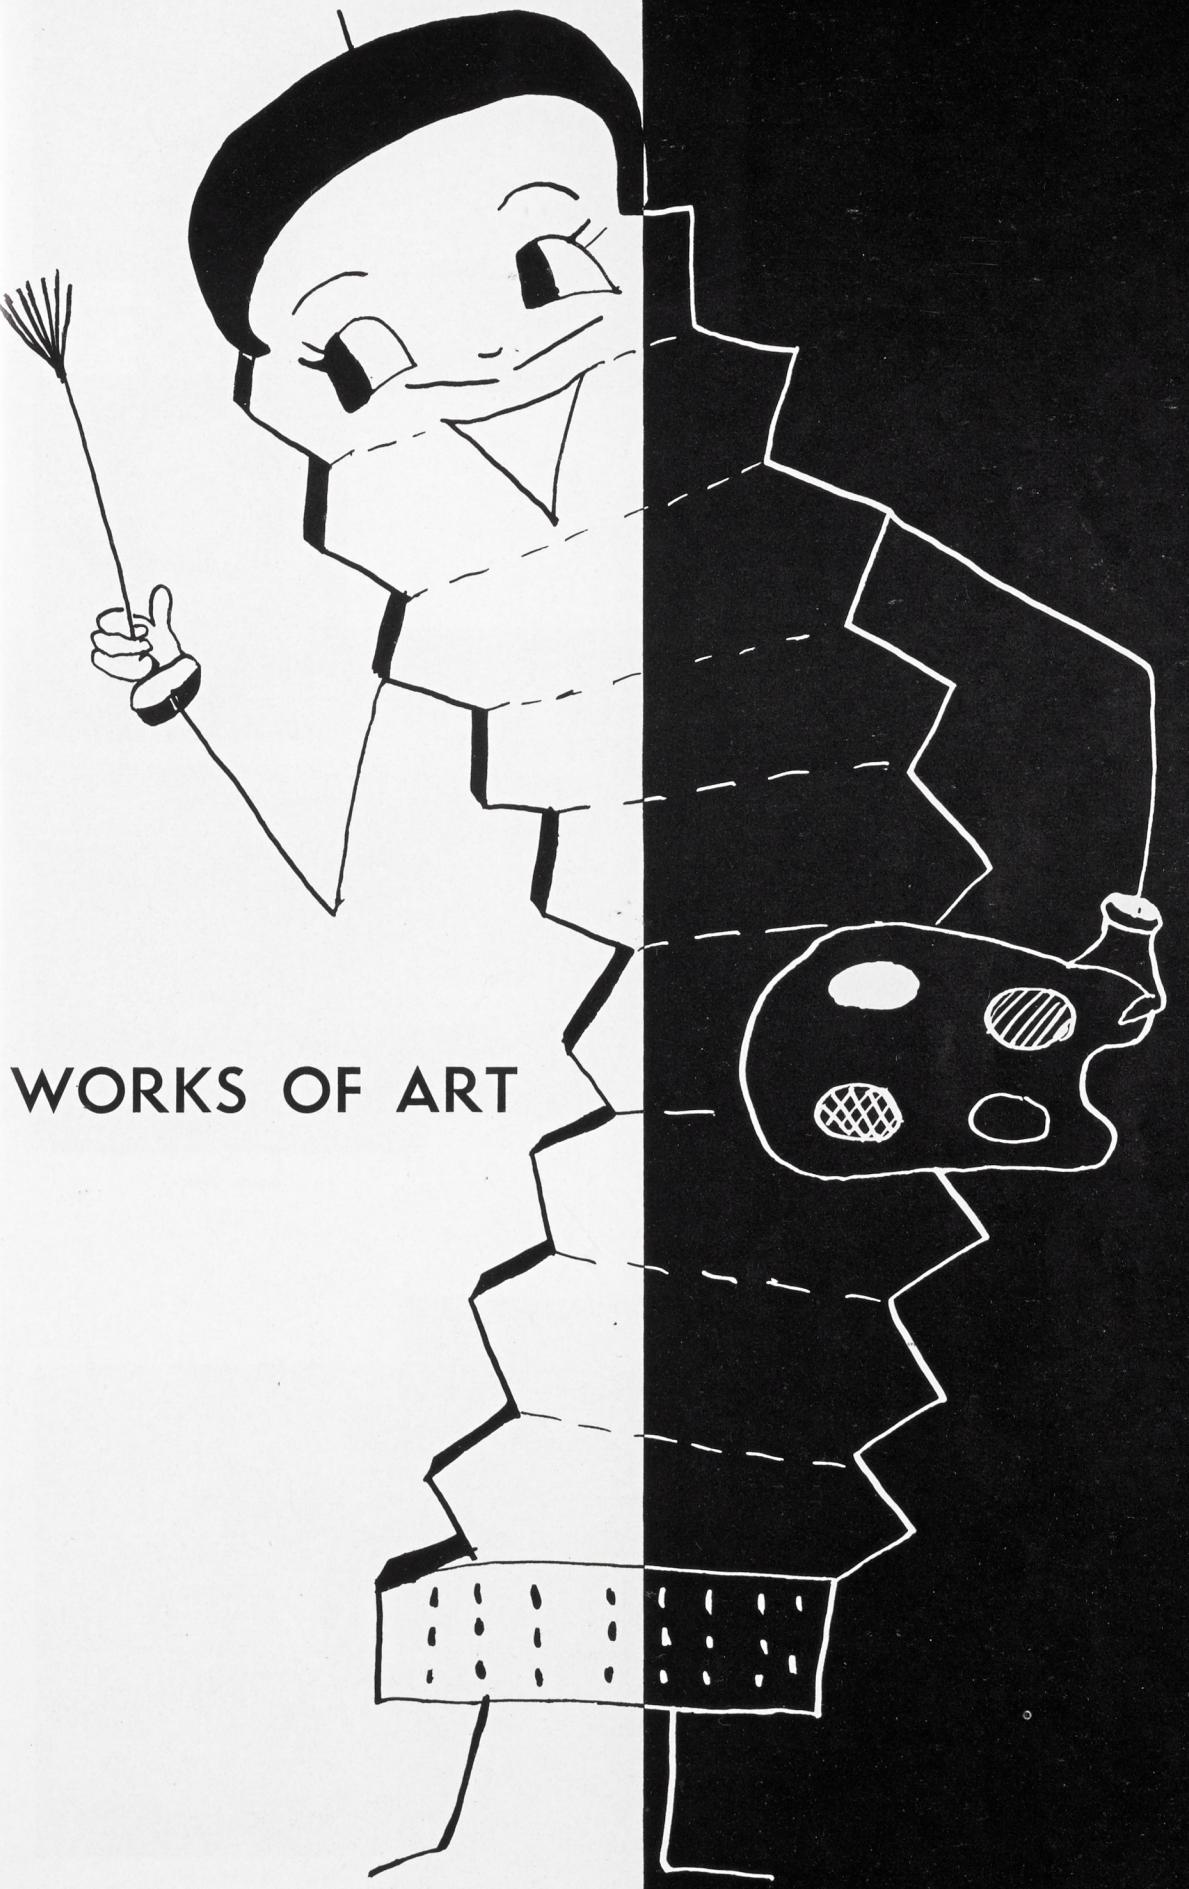

"Let's go home," replied his wife.

Bill gently lifted Ted up, holding him with his right arm. Then Bill clasped his wife's hand with his free hand, and with the other two children in front, they began to cross the street.

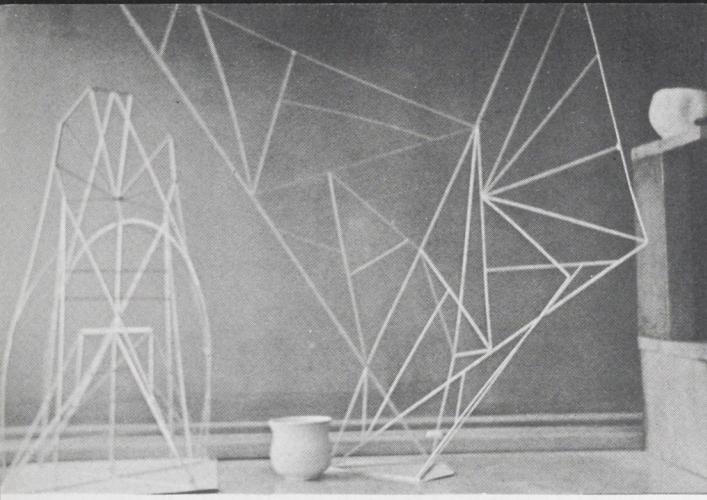

There was the "honk" of a horn, the squeal of brakes, the "thud" of a fall, and the silence of a heart.

Ten minutes later, the driver of the automobile was describing the accident to a newspaper reporter. "I was driving along when a man stepped in front of me. He looked as if he were holding someone by the hand and carrying something, I couldn't stop in time. Poor guy, he didn't have a chance."

# TRIAL BY JURY

A. S. Sullivan

Gilbert and Sullivan's "Trial by Jury" was first produced in London on March 25, 1875. The scene is the court of Justice where Edwin is being sued by Angelina for breach of promise of marriage.

The gentlemen of the Jury shake their fists at Edwin when he arrives and tries to explain that he no longer feels any affection for Angelina.

The Judge is captivated by the plaintiff, the beautiful Angelina, the cheated maid who comes with her bridesmaids. He sends a note to Angelina who kisses it and tucks it safely away.

Angelina, moved by the counsel's plea on her behalf, falls weeping into the arms of the Foreman of the Jury. Meanwhile, the Usher is trying to maintain order in Court. Edwin is abused by the Jurors who call for substantial damages.

Edwin begs in vain for mercy and asks them not to bring him to sorrow. Angelina pleads with Edwin and tells him that she loves him but he repels her, telling her he is "no good" and a ruffian.

Soon, the Judge can stand no more and announces he will marry her himself.

## Choral Concert and Operetta

The auditorium of Churchill High for the evenings of February 16th and 17th, 1960 was again the scene of the annual Choral Concert. This year there was an added feature, that of a Gilbert and Sullivan operetta — "Trial by Jury."

The three songs presented by the Mixed choir showed excellent variety and musicianship. The first song, "Non Nobis Domine" was very expressive as was the unaccompanied "Sing We and Chant It." Showing beautiful blend and tonal quality was the carefree "Admiral's Broom."

The Men's choir presented three well-received songs in the rollicking "Rolling Down to Rio," "The East Indiaman," and Handel's lovely "Where'er You Walk." One of the best choral offerings of the evening was "I Love Little Willie" sung by the Ladies' choir. Indeed all five songs by this choir left the listener truly impressed.

The operetta, "Trial by Jury," proved to be an overwhelming success. Accompanied by Pat Holbrow and Lorraine Moffat and under the direction of Miss Beth Cruikshank, this first operetta was well received by the capacity audience. These receptive listeners were indeed a reward for the students who spent so many of their leisure hours from October to February practising to make the concert the success it was. The first operetta of 1960 provided the incentive and desire for others to follow.

"Grateful thanks are extended to a large group of teachers and students who assisted with staging, scenery, dancing, costumes, make-up, properties, ushering, posters, and ticket sales." Special thanks are sincerely extended to Miss Beth Cruikshank, Mr. Ray Longfield, and Mr. Cook, who without their timely and unselfish efforts this Choral Concert and Operetta could not have been presented.

In this, Churchill's fifth year, we, the Senior students realize our good fortune in having Miss Beth Cruikshank as director of the Senior High Music.

In preparation for our first operetta, Miss Cruikshank unselfishly spent the greater part of her days and weeks practising with the casts and choirs. As well as directing our Choral Concert and Operetta, she led three choirs in the annual Musical Festival and again provided the choir for our Graduation Service.

Your time and efforts have not been in vain, Miss Cruikshank, for the Senior students of Churchill High unite in saying "Thank You" for a most memorable musical year.

MISS PORT

During the school year of 1959-60, Churchill High has been fortunate to have once more, as musical director of the Junior High, Miss Frances Port. Her boundless energy and skillful guidance, combined with the efforts of the Junior High Choir and School Orchestra provided the musical entertainment for the Christmas Program. Besides the School Orchestra and Junior Instrumental Ensemble, Miss Port conducted several string classes.

Under her direction, the Junior High Choirs and instrumentalists performed well in the Musical Festival; Room 15 and 34 combined, attained a standing of first place.

We thank you, Miss Port, for your patience and perseverance throughout the year.

## The Christmas Pageant

For many weeks preceding December 7, the corridors of our school were filled with the Christmas music of those of the Junior High who were combining their efforts into what Mr. Scurfield described later as another "first" for Churchill High, a Christmas Carol Service.

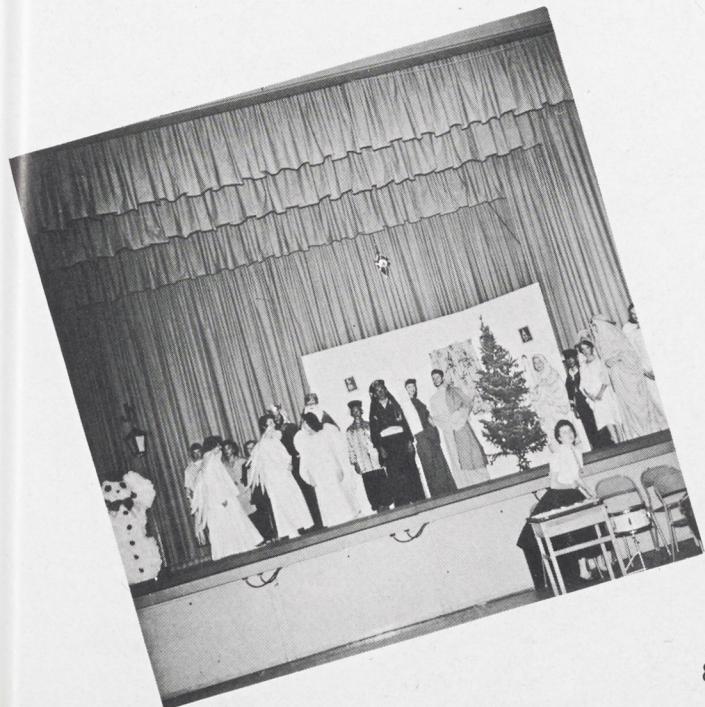

December 7, 1959, saw the school auditorium filled with parents and friends who were anxiously awaiting the appearance of their children. At eight o'clock that evening, the lights were dimmed and "O, Canada" commenced the service. It was followed by the brilliant singing of the choir. The prologue to the pageant, which was read by Brian Galaugher, began the familiar story of the birth of Christ.

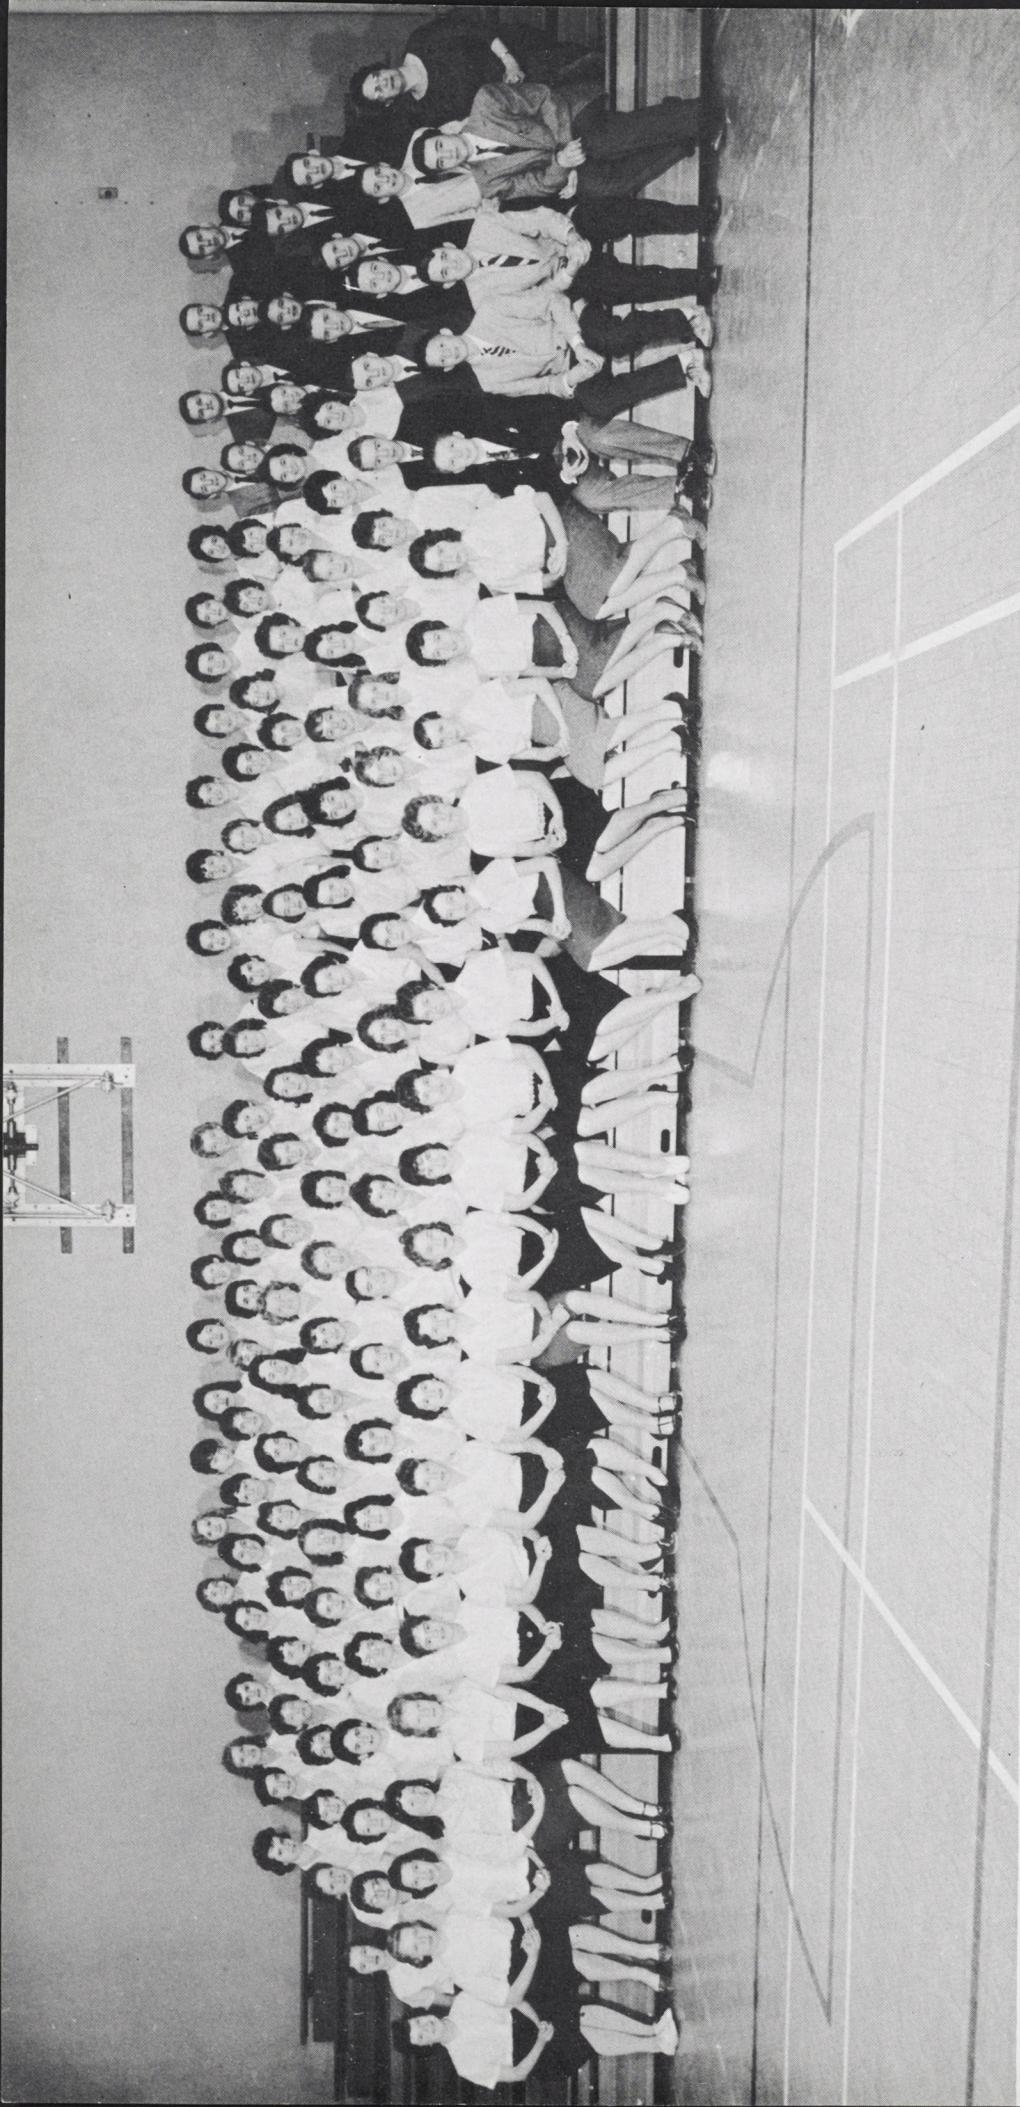

The Christmas Pageant was presented in four scenes: the Annunciation, the Three Kings, the Shepherds, and the Manger. Under careful management there were appropriate sets and staging for each scene. The pageant was done in pantomime by the cast while the choir

gaily sang the accompanying story. As the choir sang, it revealed to all, the joyousness of the occasion.

The final scene depicted "Christmas at Home," a scene which, two weeks later, would be found in the homes of those in the audience. As the cast decorated the Christmas Tree, the audience shared in the scene being portrayed, by joining the choir in singing three traditional carols — "O Come All Ye Faithful," "The First Noël," and "Silent Night." The orchestra very capably accompanied the singers throughout the entire performance.

In making "The Christmas Carol Service," the first of its kind in Churchill, such an outstanding success, the unselfish and untiring efforts of the members of the Junior High, the orchestra, and the teachers played a large part. The entire school owes a debt of gratitude especially to Miss Frances Port who again has brought Churchill's orchestral and Junior High Choral music to the standard of which we are so proud.

The senior girls' choir has been meeting in the auditorium every Day Five. Under Miss Cruikshank, they entered the festival and although they did not win, they represented Churchill well. The choir sang two selections, "Snowflakes" and "My Love Dwelt in a Northern Land," and received a mark of 84 on each.

**BOYS' CHOIR**

The Boys' Choir did very well in the Festival this year. They received a mark of 82 for "I Triumph, I Triumph" and 83 for "Where 'er You Walk," a total of 165. They were only 165 marks behind their competitors from Daniel Mac.

**MIXED CHOIR**

The mixed choir, a combination of the senior boys' and senior girls' choirs has been meeting to practise every Day Three. Their director was Miss Cruikshank. The choir sang two songs in the festival this year — "Non Nobis Domine" and "Sing We and Chant It." They did very well and received marks of 83 on each selection.

**JUNIOR HIGH CHOIRS,  
directed by MISS F. PORT**

On Monday, March 7, the Forty Second Annual Manitoba Musical Competition Festival began in Winnipeg.

On the first day of the Festival, our Junior High Grade 8 choir won over nine other choirs. Their selections were: "The Miller's Song" by Harry Brook, and "O Come Sweet Spring." Their marks were 81 and 82 respectively. The choir was composed of girls from Rooms 15 and 34.

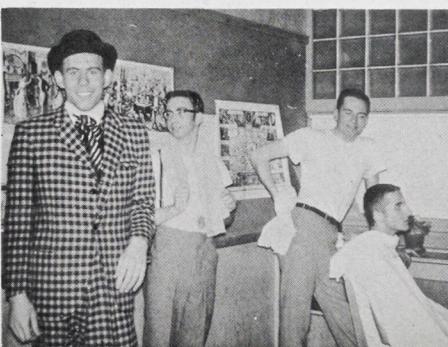

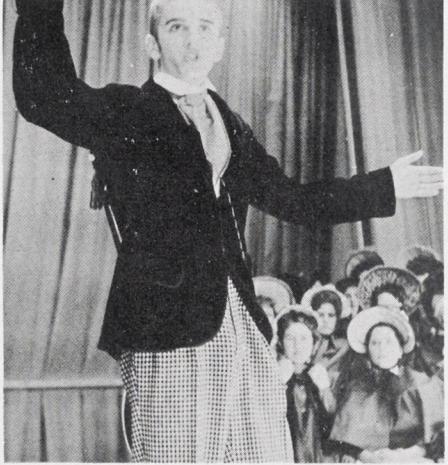

"Restless River," a German song. (They did not come in first or second; therefore, no mark was given.)

**INSTRUMENTAL WORKS**

Under the direction of Miss Port, Churchill has again been well represented in instrumental work, particularly in the annual Musical Festival.

The Churchill High strings who played "The Virtuous Wife" and the "Sentimental Seriband" received marks of 87 and 85 respectively. The Junior High orchestra received marks of 84 and 86 for their rendition of "A Rose Breaks into Bloom" and "Allegretto" and as well, the Senior High orchestra obtained 84 marks for "La Folia" and 83 marks for the "Rumanian

### The "Nonsuch" Carried The First Cargo Of Furs To London

In 1668 the Nonsuch, a fifty ton ketch sailed from London to Hudson Bay carrying a cargo of trade goods. The fate of the Hudson's Bay Company, and indeed, of western and northern Canada depended on the success of her voyage, for Groseilliers and Radisson had described to King Charles the wealth of furs found in the New World, but the existence and accessibility of this wealth had to be established. The valuable returning cargo was hailed with joy and the company of court Gallants who backed the adventure was incorporated, on May 2nd. 1670, as "The Governor and Company of Adventurers of England trading into Hudson Bay."

## JUNIOR COUNCIL and JUNIOR EXECUTIVE

EATON'S OF CANADA has been proud to have had PATRICIA DENNIS and ROBERT KAVANAGH as Junior Council and Junior Executive representatives of CHURCHILL HIGH SCHOOL this past year. Chosen on a basis of academic standing, personality and general participation in school activities, PAT and BOB have given EATON'S the fresh ideas, enthusiasm and alertness so typical of youth. They have helped us to keep in touch with the newest fashions, fads, desires and needs of Young Canada. In return, EATON'S has been very happy to give them practical training in modern retail business methods and merchandising . . . as well as actual selling experience.

# Traditions that live

Strong and honourable traditions provide the foundation of firm training in leadership expressed today in the motto of the three Canadian Services Colleges: Truth-Duty-Valour.

Allied to the prestige of the past is a university degree education given by these colleges to the officer-cadets of Canada's armed forces. Carefully selected high school graduates are trained for challenging professional careers as officers in the Navy, Army or Air force, for the responsibility of holding the Queen's Commission.

*to serve the Future*

Through the Regular Officer Training Plan (ROTP) the Department of National Defence will sponsor a limited number of qualified high school graduates to obtain a university degree education, either at the Canadian Services Colleges or at designated Canadian universities. Full details of this sponsored education can be obtained without obligation from your nearest Armed Forces Recruiting Centre, or by mailing this coupon now.

'Closing date for candidates applying for 1960 fall classes is 1 July 1960.'
